**August/September 2014 Newsletter**

## **FROM THE SUPERINTENDENT:**

I hope you are enjoying a wonderful summer. It always seems to go by fast but we are excited about the start of another school year. The new school year starts Thursday, August 14. We will be dismissing the students at 1:30 followed by an open house from 2:00-4:00. Come and meet your child's teacher and the rest of our staff.

On behalf of the Walthill Public Schools Board of Education, the administration, and the staff, I would like to welcome everyone back for another educational school year. Please contact me or one of the principals if you have any questions or concerns. Marty Slaughter is the elementary principal. Ed Ross is our secondary principal.

I am extremely proud of our custodial staff and their efforts to make our school a clean and safe place for our children. They have worked hard this summer to upgrade our facilities, and provide a welcoming atmosphere for our children. Please take the time to personally thank our custodians for their hard work and dedication to our school.

I would like to welcome the staff members back to another school year at Walthill Public Schools and extend a welcome to the new staff members. I would like to introduce our new staff members: Wendie Meyers will be our Family and Consumer Science teacher, Beau Davis will be our Industrial Tech teacher, Kendra Ross will be a 5th grade teacher, and Bailey Johnson will be a 1<sup>st</sup> grade teacher.

The mission statement is "We the people of Walthill Public School District are committed to generating a caring, respectful, and safe learning environment, which promotes positive self-realization and high academic success." The school purpose and direction is "inspire lifelong learners, encourage pride in self and culture, promote responsible citizenship, and adapt to changing societal needs." We can provide each and every student the opportunity to become successful in life's endeavors by following the mission statement and our school purpose and direction statement. I live by the model that "All of our decisions need to be based on what is best for the children!!"

The staff at Walthill Public Schools is excited about our students and the opportunities that we can provide for them. Thanks to all the families who continue to support our school. We can make a difference if we work together! We hope that you will visit our school and support our students in their academics and activities throughout the school year.

The school website is <http://walthweb.esu1.org> Take time to visit our website to see more of the academic and activities achievements throughout the school year.

We will have pre-registration for students on August 7-8.

Sincerely,

Ed Stansberry  
Superintendent

## 10 TIPS FOR THE NEW SCHOOL YEAR

- 1. Sleep for school.** Setting up a regular bedtime and wake-up routine before school starts is a crucial step to prepare your child for class and a practical way to cut down on first-day stress.
- 2. Look up to learning.** If your child is feeling a bit anxious about going back to school, keep a positive attitude. Recall the fun and exciting events, field trips, projects, and so on from years past, and show excitement about the opportunities for learning new things in the upcoming year.
- 3. Walk through it.** Escorting younger children to the classroom can help with the transition. Familiarize your child with key places such as the bathroom, gym, library, and cafeteria — they will feel more confident if they know where everything is.
- 4. Suit 'em up.** Shopping for school supplies with your child can be a fun way to give them some responsibility. Provide parameters, but allow him to pick out a backpack, lunch box, nap mat, water bottle, new clothes, and some basic school supplies (pencils, crayons, etc).
- 5. Talk it out.** Asking your child about school is important. It shows them that you value their education. Try to avoid general questions, like "How was your day?" These will most likely produce one-word answers. Instead, try being more specific when asking them the question.
- 6. Bring it home.** Helping your child with their homework is an effective way to show concern for what they learn at school. Displaying your child's projects around the house also helps to keep learning excitement high.
- 7. Keep your eyes (and ears) open.** If your child's eating or sleeping habits have changed drastically, it may be a sign that they are having difficulty adjusting to their new grade.
- 8. Read, read, read.** Reading with your child is an invaluable way to spend quality time together on a daily basis. In addition to other long-term benefits, reading together can also be a practical way to discern their reading level.
- 9. Connect.** Communication with your child's teacher on a regular basis is an essential part of caring for their education. Teachers can alert you to any emotional, social, or academic difficulties they perceive in your child at school. The same works in reverse: notify teachers about changes that might affect your child's behavior in school. Some examples are illness, divorce, the death of a family member, a recent move, or a parent getting a new job.
- 10. Prepare for the paperwork.** Every year the school requires information such as health card numbers, vaccination schedules, emergency contact numbers, etc. If you know where all this information is, you'll be able to fill out all those forms quickly and easily. Once filled out, make a copy of the paperwork for yourself. It will be easier to find the information for next year.

Project Students that qualified, had the opportunity to visit the Dakota-Thurston County Fair this summer. A handful of students enjoyed walking around the fair grounds and looking at all of the animal and exhibits. They found Mrs. Ostrand in the sheep barn, and were able to pet Mrs. Ahlers' rabbits. The students were also able to see the projects they submitted to the fair, including their pillows, pop can flowers, and clay pots. Everyone had a great time!
